Progression Details

The Qualifi Level 2 Diploma in Business Beginners in Cyber Security is accredited at Level 2 with a total equivalence of 50 credits. It is envisaged that learners completing the Level 2 diploma will progress to a Qualifi Level 3 diploma.

Course Overview

The Qualifi Level 2 Diploma in Business Beginners in Cyber Security The programme provides the opportunity for individuals to forge a career in a specific area of business by seeking a greater knowledge and understanding of cyber and information security, and to support the individual's development into senior positions.

This basic course is most suitable for executives and managers who are required to use business computers, mobile devices and Wi-Fi-enabled technology in a safe and secure manner that helps to protect their equipment, their business, their colleagues and themselves.

Mandatory Units

- The ability to read and use appropriate literature with a full understanding.
- Applying subject knowledge & understanding to address familiar and unfamiliar problems.
- Recognising the moral and ethical issues of business practice and research.
- Transferable skills and knowledge which will enable individuals to meet changing environments and risks.

Progression Pathways

Upon completing this Level 2 diploma, learners can progress to the Qualifi Level 3 Diploma in Cyber Security Management and Operations. Learners can also step directly into employment in an associated profession.

Entry Requirements

Entry to the qualification will be through centre interview and learners will be expected to hold qualifications at Level 1 and/or work experience in a business environment. Learners may also have a Level 2 qualification in another discipline.
